ORGANIZATION

To Be Perfected for Food Conservation Campaign Notwithstanding the Fact That Date Has Been Advanced One Week.

The following letter has been sent to the Precinct Colonels in the Food Conservation Campaign:
Maysville, Ky., October 15, 1917.
Dear Colonel:

You will see in the morning papers that the Food Conservation Campaign has been postponed to make way for the Liberty Loan Bond. The Mason County Food Conservation Committee would be unwilling to do anything that would interfere with the sale of these bonds. But in our quiet community there would be little prospect of conflict between these two activities, and since we are ready to work the Committees urges the Precinct Colonels to go right on perfecting their organization and securing signatures to these cards. The additional week is an advantage in giving us time to complete our work without an uncomfortable sense of haste. The Committee especially urges that the work go forward as planned in Mason County, because the Chairman of the Committee has previous engagements that will not permit her to continue in this work after October 28th.

The Committee suggests that you at once get the boundaries of your Precinct and the number of families in it—the number will approximate the number of voters, which can be gotten from election records. You will need to know this number in order to know how many Captains you need and this office will need to know in order to know how many cards to order for you.

Please appoint your Captains at once and be ready to go to work with the canvass as soon as the cards reach us. They have been ordered, shipped from Louisville to this office, second floor Chamber of Commerce. When they arrive we will telephone you and you can come in and get them.

Three Precincts have already reported their organization completed—Maysville No. 3, Dieterich and Helena. Let us make our plans so that the canvass will be completed as soon as possible and no family overlooked.

Faithfully yours,
FOOD CONSERVATION COMMITTEE
ALICE LLOYD, Chairman.

Owing to illness and other reasons the organization of the Food Conservation Campaign in Maysville Precincts No. 1 and No. 2 have been changed as follows:
Maysville No. 1—Colonel, Mrs. Clark Rogers; Reserve Colonel, Miss Nora Reed.
Maysville No. 2—Colonel, Mrs. Charles M. Hancock; Reserve Colonel, Miss Lottie Berry.

IN SOUND CONDITION

Declares Inter-Southern Life's President, Replying to Suit Filed by Mason County Stockholders.

Louisville, Ky., October 14.—That the Inter-Southern Life Insurance Company of Louisville, is "in sound financial condition, making satisfactory progress, and has good assets of more than \$4,500,000," are assertions contained in a statement issued tonight by James R. Duffin, President. The statement is in reply to allegations in a suit for a receivership filed against the company Saturday by stockholders of Maysville, Ky.

Mr. Duffin says his company has "absolute title to its home office building and always has ample cash in bank." It has "Government bonds, pays all its losses promptly and has no other liabilities except current small bills, and its legal reserve, which is always deposited with the State Treasurer."

It is charged in the statement that the "real purpose" of the suit is not disclosed in the complaining petition, inasmuch as the "plaintiff nor their attorneys ever have made any demand of any kind upon the company."

WAR'S LESSONS FOR SCHOOLS

It would be strange if the biggest and most revolutionary period of world history were allowed to pass without having any effect on our public education. Nearly everything that is taught in the schools is influenced powerfully by the big war. Things not yet taught are destined to be forced into the curriculum by the pressure of events. The scholars cannot help changing much of the subject matter and the method of their teaching, to enable their pupils to understand the changing world and prepare for life as it will be hereafter.

President Wilson has wisely taken the lead in recognizing the necessity of adapting our school instruction to the new epoch. In a letter addressed to school officers throughout the country he says:

"The war is bringing to the minds of our people a new appreciation of the problems of national life and a deeper undertaking of the meaning and aims of democracy." He reminds them that the many lessons taught by the war must be learned quickly if we are to defend our institutions intelligently and successfully, and that "when the war is over we must apply the wisdom which we have been acquiring in purging and ennobling the national life."

He urges the schools especially to increase the time and attention devoted to "instruction bearing directly on the problems of community and national life." And to make his recommendations concrete and practical, he announces that proper agencies of the government will prepare and distribute suitable material for use in elementary and high school classes.

The schools are under no compulsion to use such material, but it isn't likely that any of them will refuse. They should welcome the help of the government in a matter of such vital importance.

Cincinnati has adopted a new and extremely practical plan of eliminating loafers. It parades them through the city bearing placards inscribed, "Ordered From City—a Bum, Won't Work." Then it kicks them out.

The I. W. W. constituency ought to appreciate the placard features, at least. It harmonizes so admirably with their marching song, "Hallelujah, I'm a bum!"

A campaign alleged to "get the vote of every Irishman and German in New York" must be rather embarrassing to the Irishmen just now, to say nothing of the feelings of the Americans.

If a soldier goes to sleep on duty he is put in prison or shot, but what about Congressmen?

Well with Greece on our side things ought to slip along much easier.

CONSERVATION WEEK DEFERRED TO LATER DATE

Louisville Ky., October 14—Announcement was made tonight by F. W. Sackett, Federal Food Administrator for Kentucky, that, upon request of President Wilson, the food conservation pledge campaign throughout the country has been deferred one week, that is, until October 28 to November 4. The campaign was to have been conducted during the eight days of October 21-28, but as the second Liberty Loan Campaign will reach its climax next week it was feared that both of these most important war winning efforts might suffer through conflict of dates. Mr. Sackett issued a statement, making public the text of the telegrams exchanged between President Wilson and Herbert Hoover, United States Food Administrator, in which he said that announcement of a week's postponement of the campaign comes as welcome news in Kentucky, as it gives additional time to the patriotic workers to perfect the organization in the more distant counties of the state. "The time needed for interesting people, the holding of meetings and the definite preparations for the house to house canvass is now provided," he added "and the success of the Kentucky campaign is doubly assured."

CHEAP INSURANCE IS PROVIDED FOR; POLICIES REVEAL

Washington, October 14—Samples of the insurance policies which the government will write for its soldiers and sailors were made public tonight by the War Risk Insurance Bureau of the Treasury Department. Plans for placing the policies into effect immediately will be outlined here next Tuesday at a conference of treasury officials with representatives of the navy and officers and enlisted men at the thirty-two cantonments. Details of the policy disclose that risks will be written upon the lives of men and women between the ages of fifteen and sixty-five in all branches of the army, navy, marine corps, coast guard, naval reserve, national naval cadets, nurses "and any other branches of the United States service serving with the army and navy" announcement was made also that "rates at ages higher or lower will be given upon request."

GOOD BACKS FOR BAD

Maysville Residents Are Learning How to Exchange the Old Back For a Stronger One.

Does your back ache, feel weak and painful? Do you suffer headaches, languor and depression? The kidneys may be calling for help.

Weak kidneys cannot do their work. Give them the help they need. To cure a kidney backache you must cure the kidneys.

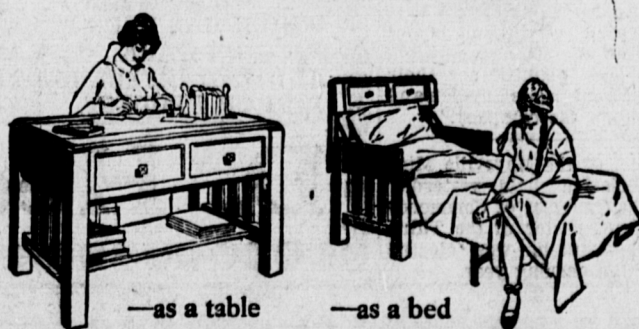

Use a tested and proven kidney remedy. Doan's Kidney Pills have stood the test.

Convincing proof of merit in Maysville endorsement:

Mrs. M. Holliday, 221 W. Second St., Maysville, says: "At times, my back has ached across my kidneys. My kidneys have been irregular in action and I have had dizzy spells and headaches. I have always used Doan's Kidney Pills, getting them at Wood & Son's Drug Store, and they have never failed to relieve these complaints."

Mrs. Holliday is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Holliday had—the remedy backed by home testimony. 60c all stores. OCTOBER 24 PROCLAIMED LIBERTY LOAN DAY BY PRESIDENT WILSON

Washington, October 14—President Wilson, in behalf of the Liberty Loan tonight issued a proclamation setting aside October 24 as Liberty Loan Day and urging the people of the nation to assemble on that day in their respective communities and "pledge to one another and to the government that represents them the fullest measure of financial support."

"Let the result be so impressive and emphatic," the President urges, "that it will echo throughout the empire of our enemy as an index of what America intends to do to bring this war to a victorious conclusion."

An appeal to the "large earners of the United States," to invest in the bonds was issued tonight by Secretary Wilson of the department of labor.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the book is right. Begin taking Cardui today.
